Sunday Motion	Monday Air Quality	Tuesday Flight Patterns	Wednesday Weather	Thursday Aroma	Friday Sound	Saturday Light and Color
<p>God's design for movements in the earth's atmosphere was to produce a healthy environment in creation. Human defilement and demonic presence has brought disorder, causing the motion of the winds to move in an unnatural course, often producing counter-clockwise movements</p> <p>I call for the sound of heaven to establish motion and the direction of the wind, the clouds and for every element in the atmosphere to come into their proper order.</p> <p>I declare the movements in the earth to be aligned with the motion and movements in heaven.</p> <p><i>Then He said to me, "Prophesy to the breath, prophesy, son of man, and say to the breath, "Thus says the Lord GOD, "Come from the four winds, O breath, and breathe on these slain, that they come to life." "</i> (Ezekiel 37:9)</p> <p>I bless the atmospheric movements in the heavens which reflect God, who created it and called it good. I call for an alignment of motion with <u>time</u>.</p>	<p>In some communities the problem is smog, in others pesticides or pollen count. It has been demonstrated that the environment responds quickly and remarkably to focused prayer.</p> <p>I declare that the pollution and impurities in the air will be cleansed by the breath of God.</p> <p>I call for the sound of heaven to ride upon the winds and the arc of the clouds to cleanse the atmosphere, and to breathe life into the earth.</p> <p>I cry out for God's hidden secrets and wisdom to be granted to Godly men and women, who create new inventions that promote good stewardship.</p> <p>I bless the atmosphere set in order by heaven as a representation of God, who created it and called it good.</p> <p>I call for the alignment of air quality and <u>time</u>.</p>	<p>God gave man authority over the birds of the air, with a responsibility to steward the ecological balance designed for them.</p> <p>I dismiss the unclean birds which defile the air, water or land.</p> <p>I call for the entire array of birds to come into their assigned boundaries and to live in their proper order and balance.</p> <p>I declare an alignment in the migration routes, according to the patterns in heaven.</p> <p>I stipulate that no aircraft carrying workers of iniquity will defile the airspace, and I cancel the power of every defiled word spoken over the region, past, present and future.</p> <p>I announce that the sound of heaven has neutralized demonic sounds and has established heaven's order.</p> <p>I bless the birds, aircraft and flight patterns established by heaven as a proper reflection of God, who created them and called them good. I invite the sound of heaven to align them with <u>time</u>.</p>	<p>I declare an end to seasons of oppressive temperatures and destruction in the weather patterns. I decree that weather patterns will submit to God's order, sequence and seasons.</p> <p>I call for mature sons and daughters of God to step into their place of stewardship to fulfill the promise of Hosea 2:21-23a:</p> <p><i>And in that day I will respond, says the Lord; I will respond to the heavens [which ask for rain to pour on the earth], and they shall respond to the earth [which begs for the rain it needs], and the earth shall respond to the grain and the wine and the oil [which beseech it to bring them forth], and these shall respond to Jezreel [restored Israel, who prays for a supply of them]. And I will sow her for Myself anew in the land.</i> (Amplified)</p> <p>I bless the weather patterns ordered by heaven as a reflection of God, who created it and called it good.</p> <p>I declare the sound of heaven will align weather with <u>time</u>.</p>	<p>There are demonic odors, natural odors and the fragrance of heaven. I fiercely contest the demonic odors in the name of Jesus, and invite the fragrance of heaven to fill the region.</p> <p>I declare that those places which have been historically over-powered by odors (chemical and pulp plants, refineries, hospitals, etc), will come under the subjection of the fragrance of heaven.</p> <p>I declare that the incense of heaven will fumigate the smells of earth, and become a sweet savor, approved by God.</p> <p><i>Awake, O north wind, And come, O south! Blow upon my garden, That its spices may flow out.</i> <i>Let my beloved come to his garden And eat its pleasant fruits.</i> (Song of Solomon 4:16)</p> <p>I bless the heavenly aroma as a proper representation of God who created it and called it good.</p> <p>I call for the sound of heaven to align aromas with <u>time</u>.</p>	<p>There is a demonic speech largely centered on mockery and hostility, which interrupts God's order, and creates a heightened sense of agitation, even in those unaware of the sounds.</p> <p>I proclaim the demonic chatter and vibrations in the region to be silent and the air to be free of defilement.</p> <p>I command the heavens to welcome, request, and resound with worship and praise for the Lord.</p> <p>I release the anointing of God into the frequencies of the earth. I release the <i>voice of the ancient star song* to be sung, going out through all the earth to declare God's handiwork, so that all men will know and understand that He is the Lord.</i> (Job 38:6-7)</p> <p>I bless the sounds, vibrations and frequencies which resonate with the cadence of God, who created them and called them good.</p> <p>I declare that the vibrations in the atmosphere must align with God's <u>timetable</u>.</p>	<p>I invite God to fill the atmosphere with His pure light and vibrant color and to swallow up the veil of darkness over the region.</p> <p>I declare that the sound of light and color from heaven will align the sun, moon and stars in their proper order.</p> <p>I cry out for witty ideas to be given to men and women that express the wisdom and beauty of a multi-faceted God.</p> <p>I declare that those living in the region will be drawn to and impacted by God's light and order.</p> <p>I bless the light and color of heaven which declares the glory of our Creator, who called them good.</p> <p>I declare life, matter, space, light and color to be aligned to the sound of heaven in God's <u>timetable</u>.</p>

\*Here is Connie Fisher's description of the ancient star son on Friday's prayers:

The ancient "star song" you asked about is one of the translations of the term "morning stars" found in Job 38:6-7:

- 6) "To what were its foundations fastened? Or who laid its cornerstone,
- 7) when the morning stars sang together, And all the sons of God shouted for joy?

As God addresses Job's questions with questions of His own, He reveals secrets of creation. In these verses God describes the day of Creation, when He fastened the earth's foundations and laid its cornerstone. In response, the Angels of Heaven rejoiced with singing and shouted for joy. In this passage God is not referring to men when He speaks of "sons of God." He uses the terms "morning stars" and "sons of God" to describe His Angelic Hosts.

As we studied the issue of atmosphere we realized that in the same way earth's atmosphere and land no longer functions as God designed, some of the songs which are still supposed to be sung by these the "sons of God" or "morning stars" have been cut off from the atmosphere by man's defilement. Angelic worship can be heard in heaven, but it no longer resonates in the earth as God intended--so we included an invitation for God to bring it back into His original order.
