

**Worship at the Border**  
**7 PM on April 8, 2024**  
**Grace Church**  
**709 Kings Way, Del Rio, Texas**  
Tom Schlueter  
February 27, 2024

During the initiative titled "Surrounding the Nation," which was initiated by Apostle Chuck Pierce and Global Spheres Ministries, we focused one week on the state of Texas. During both a recorded and live video feed, Chuck Pierce spoke two clear words to me, Tom Schlueter, as I oversee the Texas Apostolic Prayer Network.

There needs to be a moment when we will gather at the border of Texas along the Rio Grande River and bring forth worship which will unlock the destiny of the State and of the Nation. There is an unlocking that needs to take place so that a nation, lined up with the Kingdom of God, will be late released in Texas and through Texas to the United States and beyond. He later stated in another meeting that we needed to meet in Del Rio.

His second exhortation was regarding a branding iron. Back in 2009, a branding iron had been fashioned in the shape of the state of Texas with a star in the middle of it. It was used as a prophetic symbol or instrument to carry around the sixteen regions of the newly formed Texas Apostolic Prayer Network to connect the glory of God from region to region to region.

Two years ago, we discovered another branding iron that was significant for the history and development of Texas not only in the natural but in the spiritual. The branding iron, Espiritu de Jesus (the Spirit of Jesus), was used to imprint upon every county in the state the following message – this state belongs to Jesus. This land belongs to Him and Him alone. The Espiritu de Jesus brand was the first one ever used on what was now present day Texas in the early 1800s. And it now significantly marked Texas as belonging to our King.

But now Chuck is saying to me there is a third brand that the Lord is going to give us. I had prayed about that for several weeks after we had done the recording. I received nothing from the Lord until the week arrived when we emphasized Texas. The Lord immediately downloaded the picture to me. It's what you see recorded here to the left. It's the state of Texas with a lion reared up and a key in its paw. The Lord is declaring: "This land connected with my glory and

established and branded as mine, has now been given the key of authority to unlock the

nation, and to unlock the Kingdom and the will of God throughout, not only the nation, but the nations of the earth.

### **The Meeting**

So, we are inviting people from across the state to come from across the state to attend this key worship meeting in Del Rio on Monday, April 8, 2024. We will be meeting at Grace Church (709 Kings Way, Del Rio, Texas) at 7 PM.

There were several things that you need to be aware of as you're making plans to attend. First, the hotels are going fast and many of them are expensive. Get your reservations done now. We are not providing a list here, but you can go to Expedia or other such formats on your computer to find any of the local hotels, motels, or Airbnbs that can be used. You may have to even go out further from Del Rio – Uvalde, San Antonio, or Eagle Pass – to find hotels. Register at a hotel ASAP.

Secondly, the date of this meeting is very significant for two reasons. Number one, it is the eve of Nisan – the beginning of the Passover month. This is significant because it has already been prophesied by many prophets, including Chuck Pierce, that this Passover season is going to be a time we will witness a turnaround, a hinge, and a significant shift taking place that leads us towards the awakening that God is promising for the nation. It will be indeed a continuation of a great war that we are a part of right now between light and darkness, and between good and evil.

The second thing that is important about this date is that is happening on the very moment when the total eclipse will sweep across the nation and be seen in its full array across Texas, and in Del Rio that afternoon. **It is extremely important** that you prepare for this and that you wear appropriate eyewear that you can order through different sources.

Our personal recommendation would be that you would drive to Del Rio that morning so that you can be settled in to watch the eclipse that afternoon. Then prepare for our worship that evening at 7:00 PM. Take the time during that day to find places throughout Del Rio or down by the Rio Grande to pray and decree God's promises. The church will be open all day for prayer.

### **Extra Information**

There has been a significant amount of information given across the Internet and other sources regarding this total eclipse and its significance on a spiritual level for the state and the nation. You'll recall that a couple of years ago we had another total eclipse that swept across the nation. Prior to that, another one had swept North across the States and Canada. All of these have formed a rather unique formation. "X" marks the spot as many would say.

Also, it has been noted that the path of this total eclipse will go across a minimum of seven cities, all with the same name – Nineveh. You will recall that Nineveh was about to receive a great and terrible judgment by God until the Lord sent Jonah to go and call them to repentance. That which was an impending judgment was miraculously turned around as the whole city repented and turned back to God. I believe we're in that season.

The article below was posted on a site on the Internet and gives some more information, as well as maps, showing the crossing patterns of these eclipses. Pray through them. I'm not declaring that everything they say is perfectly true, but the Lord will give you clear discernment.

**Mindful of all of that – this is a significant time and gathering of the Ekklesia at Del Rio, Texas. I hope to see you there.**

### [The Alef, the Tav, Eclipses and the Exodus](#)

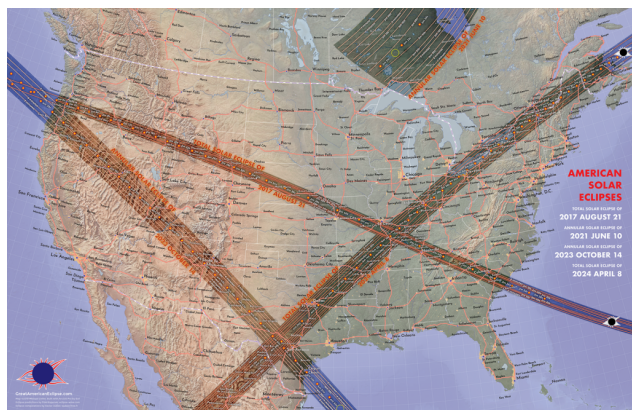

Posted on [February 18, 2022](#) by [Pete Rambo](#)

Some signs are so blindingly obvious that they can't be ignored. The sequence of eclipses over the US between 2017 and 2024 is one such sign.

<sup>14</sup> Then God said, "Let there be lights in the expanse of the heavens to separate the day from the night and let them be for **signs** and for **seasons** and for days and years.  
*Genesis 1:14*

Do you see it? Or, better, *them*? Alef, Tav, and X marks the spot.

A few days ago, Dave McNew, a dear friend, visited and shared a collection of images and details regarding the sequence of eclipses we are currently in the middle of. Some of the information I was aware of and some of it took me by surprise at its specificity. I'll share some here and encourage

you to dig a little deeper on your own with a few clues to search out.

In [August of 2017](#), we hosted several friends here because we were in the path of the Great Solar Eclipse. Barely a month later, [the Revelation 12 sign](#) appeared in the sky, and we marveled at the events knowing that one of the ways God specifically tells us that He communicates with us is through the lights in the expanse of the heavens.

We understand them for marking 'days and years', but do we understand 'signs and seasons?'

Most who do not understand the Bible they carry would think, 'Oh, seasons. You mean, like, winter, spring, summer, and fall?' The resounding answer is, 'No! At least not as the priority.'

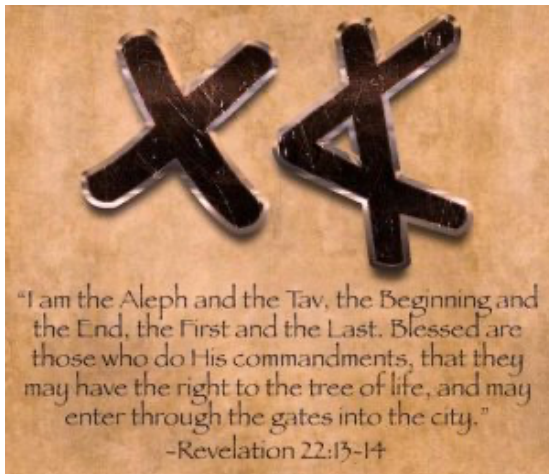

Seasons is 'moed', meaning 'appointed times of Yahweh' and they are listed in great detail in Leviticus 23. A simple word study and dive into scripture reveals that all of those are still in force and the only 'holy days' God recognizes. (I'll not digress into the pagan holidays but do your own due diligence and study their source.)

But 'signs.' This is the one we rarely take into account because it seems too, well, mystical.

What if it is written in **HUGE BOLD FONT?**

The Hebrew word for 'signs' in Genesis 1:14 is H226, אות, pronounced 'oat' and read right to left, it is immediately recognizable as having an Alef and Tav held together by the Vav, or 'nail.' Christendom may not recognize 'Alef and Tav' but they will understand the Greek translation of 'Alpha and Omega.'

What is particularly fascinating is the paleo, or ancient Hebrew line drawings for these letters:

The two eclipses that neatly cross the entire US, seven years apart, for a giant TAV, or X over the nation with the center of the X, 'the spot' being an area in southern Illinois called Little Egypt. Ironically, or by Divine decree, the 21 August 2017 eclipse occurred on the first day of Elul on the Hebrew calendar marking the first day of an annual forty day cycle of repentance. The second of the great eclipses will occur on the first day of Aviv, or 14 days before Passover.

The 14 October 2023 annular eclipse occurs eight days after sukkot with the X occurring over Utopia, Texas and exiting the country at Corpus Christi (Body of Christ). Put the three together and there is a very clear Alef and Tav!!!
